Subject: Siemens Authorized System Integrator

We hereby confirm M/s Advance Control and Automation Co. as an Authorized System Integrator working with Siemens Automation products i.e. SIMATIC S7, SIMATIC HMI and SIMATIC WINCC and SINAMICS drives.

SIMATIC Automation system from Siemens is the market leader throughout the world. Numerous projects have been successfully implemented throughout the world, including the Middle East, using the advantages provided by the Totally integrated Automation concept of SIMATIC.

M/s Advanced Control and Automation has experience working on Siemens SIMATIC S7 platform. We confirm our intention to supply them products and to provide our logistics & product related technical support through our Siemens Qatar office.

Sincerely Yours,

Omer Azhar
